

Request for Home Security Evaluation

I would like a Police Department representative to contact me regarding a "Home Security Evaluation" and if appropriate, make arrangements for an on-site visit at my residence.

I understand that an on-site visit will consist of a Police Department team making a systematic review with me of my residence's key security features. The purpose of this evaluation is to help "harden the target" and make my residence more secure from a burglar. I understand that no residence is absolutely burglar-proof but some changes may help discourage a burglar and make my residence safer.
